Work in progress

Biermann, M. and Nguyen, M., *Cross-border Acquisitions and Network Effects in Services Trade*, in progress.

Research Projects

Multinational Networks in Trade

This project investigates the causal effect of foreign and domestic acquisitions on market access of German affiliates using multiple datasets at firm-level data.

Joining the Euro

This project constructs an Optimal Currency Area (OCA) Index and investigates the impact of institutional and trust indicators on business cycles within the examined European countries.

Consumer Price Index Forecast

This project aims to classify millions of fast-moving consumer goods (FMCG) scanner data into HICP-COICOP classifications to compute the real-time consumer price index for European countries.

Conferences

2025	ETSG 2025 Milan* (planning), JIE Summer School - Munich*, BiGSEM-CUDE Colloquium
2024	Aarhus-Kiel Workshop*

* means without presentation
